What is TCC-FAEP?

TCC-FAEP is a multi-disciplinary, non-advocate, professional organization that provides a forum for information exchange between the science, regulatory, and business communities. Our members are from a wide variety of fields including regulatory, science, engineering, legal, land use and planning. We provide opportunities for individuals to enhance their growth and career advancement, and for organizations to extend their reach and gain access and exposure to a multitude of environmental disciplines and individuals.

Why should my organization support TCC-FAEP?

Supporting TCC-FAEP shows your organization's commitment to support technical excellence, ethical practice, and community environmental awareness

What benefit can TCC-FAEP provide to my organization?

Get introduced! TCC-FAEP provides a unique opportunity to reach environmental professionals of every field, including biology, botany, engineering, and law. Our members are regulators, consultants, scientists, and lawyers. Whether you are seeking referrals or need a consultant for a project, TCC-FAEP gives you personal access to the full spectrum of the environmental professional world. We invite you to join us for a meeting to see for yourself how TCC-FAEP can improve your business network of environmental professionals.

Please contact us at tcc.faep@gmail.com to sponsor or for more information. *Revised February 2023*

What will my organization be supporting?

Your organization will support special topic presentations, workshops, panel discussions, networking receptions, educational and community projects. TCC-FAEP offers monthly events on a wide range of topics including regulatory and policy updates, research projects and findings, and updates on current environmental issues. We bring experts, regulators, and trainers to you and your employees or members.

We also support local non-for-profit groups and organizations such as wildlife rehabilitation facilities, and nature centers, as well as kids' environmental education programs such as Envirothons and education centers.

How can I support TCC-FAEP's mission?

Become a sponsor! For the past several years, we have been providing educational and networking events free of charge to our members. Approximately two-thirds of the cost of our events is covered by sponsors while the remaining one-third comes from the collection of membership dues. The cost of a typical event ranges between \$300 and \$600. TCC-FAEP offers organizations the opportunity to sponsor our year-round activities or individual events.

Should my organization be an annual or an event sponsor?

It depends on your organization's objective. Your organization can support TCC FAEP's monthly or major events and be recognized, year-round, as a sponsor and supporter of the environmental professional community as a whole. Alternatively, be recognized as an individual event sponsor, you can demonstrate your organization's support to a specific field or topic.
